

Protect Your Flock

BACKYARD POULTRY

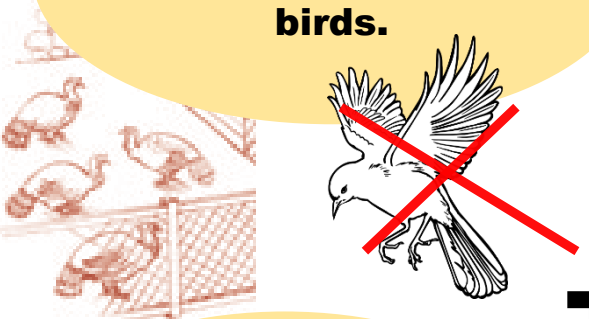

BIOSECURITY

THE KEY TO YOUR FLOCK'S HEALTH

Vaccinate your flock

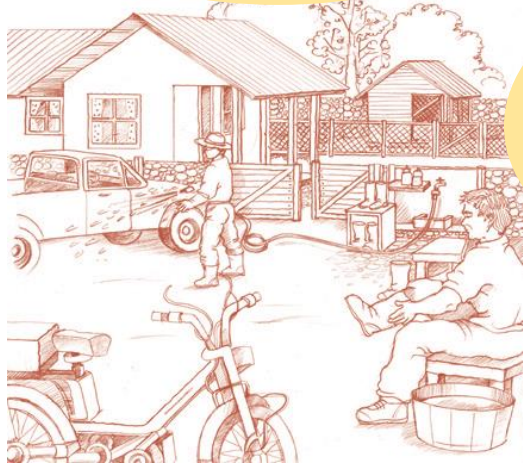

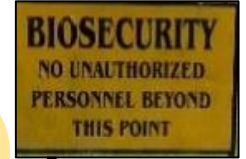

Limit contact with other poultry and birds.

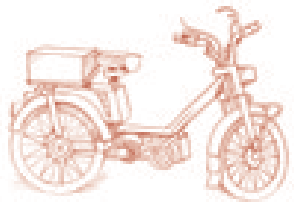

Ensure farmer and visitors only use clean footwear in the chicken area

Limit access to the chicken area

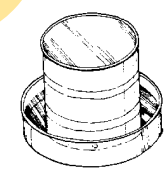

Keep vehicles away from the coop and keep them clean and disinfected.

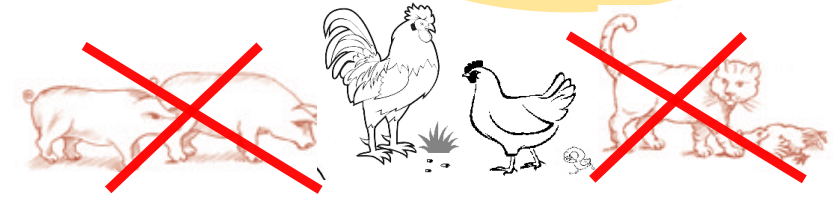

Clean and disinfect equipment before and after using on the farm

Keep water clean

Keep other animals away from your flock

IF IN DOUBT, KEEP IT OUT!
